Dear Reader,

Allow me to acquaint you with VIBE. The extraordinary new magazine that's got people talking on both coasts. A bold new read that's as irreverent as it is insightful, as sophisticated as it is raw.

VIBE. The new chronicle of urban culture. Devoted to a generation that's tired of listening to, working for, and being governed by a somebody else's kinder, gentler, duller ideas and ideology. For anyone truly interested in, energized or inspired by today's music, politics, style, nightlife, film, theatre, television and the immovable feast we call the CITY.

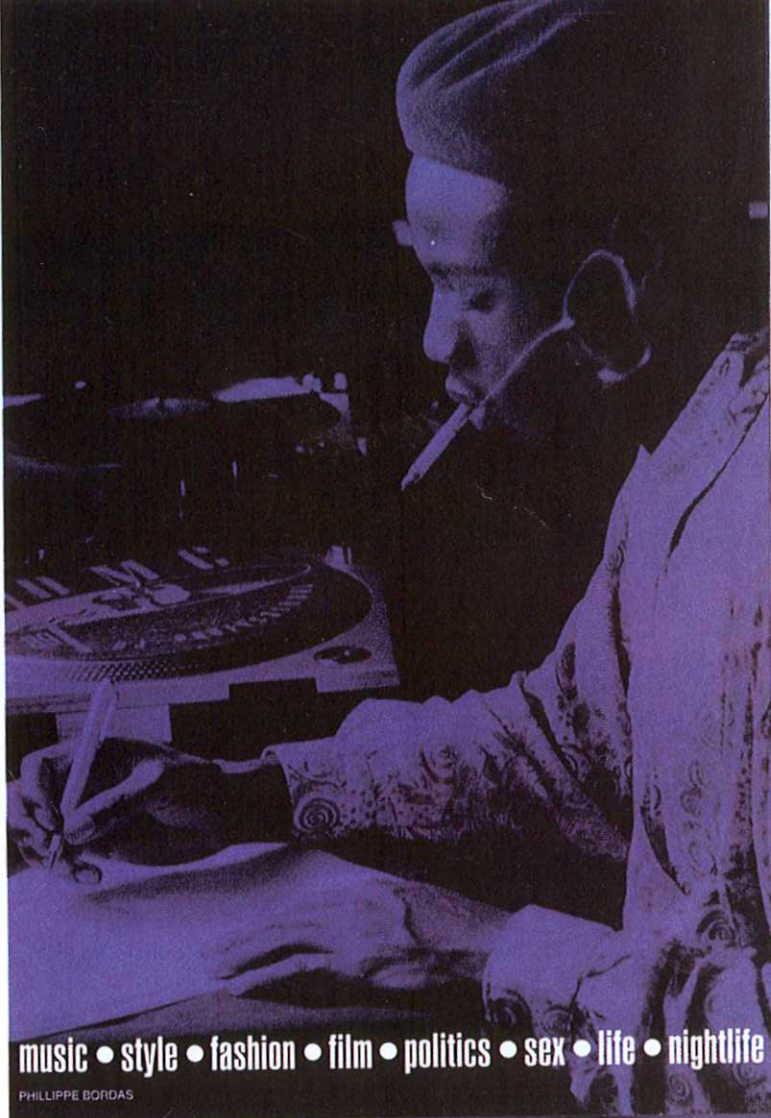

If you're into the innovators, the hot young artists, smart people on the move, the faces behind the films, the performers and the performances ... you'll want to check out VIBE.
